## CPSC Recalls Childrens' Products

In cooperation with the U.S. Consumer Product Safety Commission, two companies are recalling their products. The National Highway Traffic Safety Administration, Cosco Inc. is announcing the recall of about 670,000 Arriva and Turnabout infant car seats/carriers. When used as an infant carrier, the handle locks on each side of the seat can unexpectedly release, causing the seat to flip forward. When this happens, the infant can fall to the ground and suffer serious injuries. Parents should continue using these rear-facing infant car seats but should not use the carrying handle until a repair kit has been installed. To receive a free kit to use at home or for more info such as model numbers and sale dates, call Cosco at 800-221-6736 or visit Cosco's Web site, ([www.coscoinc.com/customerserv/customer.html](http://www.coscoinc.com/customerserv/customer.html)).

In addition, Playskool is voluntarily recalling about 273,000 spill-proof cups. The flexible spout on the cup can tear between the slitted opening, causing a small piece of material to come loose, posing a choking hazard to young children. There have been no reported injuries. These plastic cups are for children aged 6 months and up and include a twist-on lid that has a flexible, yellow spout. The lids come in various colors, and have "Playskool" written on them. Parents and caregivers should stop young children from using these cups immediately, and contact Playskool to get a free, redesigned lid by calling Playskool at 888-690-6166 anytime, or logging on to ([www.hasbro.com/consumer/safety.html](http://www.hasbro.com/consumer/safety.html)) on the Internet.

### **Military Pay Info By Phone**

Now Army active duty, Reserve and National Guard members have a way to access pay information from their military pay account 24 hours a day, seven days a week. The Defense Finance and Accounting Service has set up a new Interactive Voice Response System similar to systems used by businesses for obtaining account information.

The system goes through a series of questions to establish security and provides a personal identification number known only to the caller. The PIN is required to access pay data each time the soldier places a call. Once validated, soldiers can get pay information regarding direct deposit, mid- and end-of-month pay, allotments and bonds, tax information and debt and leave information. Soldiers should call 317-510-0299 to access the IVRS. Anyone with questions should contact their supporting finance battalion or finance detachment.

## **SERVICES**

### **AFN for Single Soldiers**

Some single soldiers recently raised the question of what television services they get for free, and what they have to pay for.

Soldiers living in Single Soldier Quarters get the AFN Plus package (four television channels and eight radio services) for free. To receive this, all they do is connect their TV or stereo system to the appropriate outlet in their room.

If the soldiers in SSQs want cable television, they have to subscribe to TKS. Residents of family housing currently have to subscribe to TKS to receive the full AFN Plus package. They can receive the single broadcast channel of AFN-Europe television, along with the broadcast radio services (Power Network and Z-FM) at no cost. USAREUR is beginning a program to deliver the AFN Plus package to all on-post family housing residents at no cost to the residents. It will take a year to implement this program USAREUR wide.
